EDUCATION	**National Taiwan University**	Taipei, Taiwan
	M.A. in Economics	2023 - 2025 (e.)
	National Taiwan University	Taipei, Taiwan
	B.A. in Economics	2019-2023

WORKING PAPER

Pension Reform and Asset Allocation: Evidence from Annuity Cuts to Retired Civil Servants in Taiwan, with C. Y. Cyrus Chu and Po-Hsuan Hsu, SSRN.

UNDERGRAD. PROJECT

Robotization, Workers' Safety, and Retirement Decisions: Evidence from Taiwan
Advisor: Chun-Fang Chiang

EXPERIENCE

Research Assistant — March 2023 - Present
Institute of Economics, Academia Sinica
Supervisors: C. Y. Cyrus Chu & Po-Hsuan Hsu
- Participated in the "Income/Wealth Big Data Compilation and Analysis Program" co-hosted by Academia Sinica and the Fiscal Information Agency.
- Compiled consumption data for the universe of Taiwanese households using tax records on income and assets.
- Analyzed the labor supply and financial responses to permanent income reduction in the context of pension reform.
- Investigated how parenthood affects financial behavior.

Teaching Assistant — 2024 Fall
Department of Economics, National Taiwan University
Course: Econometrics I; Instructor: Chun-Fang Chiang
- Gave a 50-minute lecture to recap the weekly materials.
- Instructed students how to conduct empirical analyses using Stata.

Research Assistant — October 2021 - February 2023
Department of Economics, National Taiwan University
Supervisor: Chun-Fang Chiang
- Analyzed how automation affects labor market outcomes, including wages and unemployment.
- Integrated the desired dataset using labor insurance data from the Ministry of Labor in Taiwan and industrial robot data from the International Federation of Robotics.

Research Assistant — October 2022 - January 2023
Department of Economics, National Taiwan University
Supervisors: Chun-Fang Chiang & Hans H. Tung
- Conducted a survey experiment to study how AI affects people's occupational choices and preferences for redistribution.

- Proposed a theoretical framework for how AI can influence people's preferences for redistribution.
- Designed the survey questions.
